Editorial

DEAL'S CANDIDACY

Joseph T. Deal, former congressman from Norfolk, ha announced his candidacy for the governorship of Virginia. He will oppose George C. Peery and whatever other candidates de cide to enter the race.

This paper will not support Joe Deal for any office he may care to seek in Virginia, for the somple reason that we do no feel that he represents the true Democracy of the state. A wringing wet, his political career has been based on opposition to prohibition and enforcement. But even in the wet bailiwick of Norfolk, he could not muster enough votes to keep the dis trict in the Democratic column in 1928 and lost to a Republi can, Dr. Lankford, for congress.

While it is too early in the contest for the governorship t definitely select one's choice for the office, and while this pape is not yet ready to come out for any particular individual—we desire to be among the first to oppose Joe Deal as an undesir able candidate.

HITLER'S GERMANY

If the Ku Klux Klan were suddenly to gain control of the government of the United States and institute to the fullest degree its theories of statecraft, the revolution in national life would be no greater than that in Germany where Adolph Hitler has ascended to complete power.

The astounding Hitler is not even a native of Germany and he served in the World War as a buck private. His rise to power can be attributed to two sources. First, his extraordinary abilities as a speaker, and second, the inherent national spirit of Germany still stung from the humiliation of defeat in the war.

Dictatorships must perish. They always lead to: Financial ruin of the state; economic anaemia of the nation; augmentation of the public debt; excessive taxation; tremenduous waste and an armament race presaging war. They always refuse to permit: criticism by public opinion; a free press; consent of reforms by citizens; control by a parliament. These facts caused the downfall of Pangales, of Wildemiras, Bratianus and countless others.

Money alone can save dictators. Their sway can be upheld only by a tremendeuous chain of political machinery and contrivance—an all-powerful spoil system.

The dangers of war in Europe are so evident in Europe today that only the blind can fail to see. France is maintaining the greatest armed camp ever known to mankind. Italy is virile and strong and Mussolini dynamic and ambitious. Germany wants her position reestablished to a pre-1914 basis. Russia has made such great strides that she can hold her own with any power. The Balkans were cut up in the Versailles Treaty and are now are a hotbed for realignment of boundries. In all Europe there is but one cool head . . . John Bull.

There never was a better time in the history of America for us to stay out of Europe's affairs than right now. We MUST NOT be embroiled in another European war. No . . . not until our great-great-great grand-children finish paying for our last experience over there!

ONE LINE OF PROGRESS

Those who remember village amateurs playing on an Eeg parlor organ, or a screachy accordian, or an ailing fiddle sounding like a mechanical hom-cat with the ailments of seven generations back, will perhaps be in a position now to attest to the progress our generation has made in beauty and art. In the last century the well-to-do's no doubt knew Peter Shakespeare and Homer better than we. And when a traveling medicine show with a calliopne came to town the village taste for music was exercised. But the masses of the citizenry just didn't get to brush shoulders with cultural attainment.

Now, consider what is YOURS and Mine. We wake up in the morning to the tune of radio music. And between then and time for Amos and Andy we hear La Paloma, Washington Post March, Yankee Doodle, Kreisler, Heifetz, Red Wing and Minuet in G. Everywhere we turn there is MUSIC-ART-DRAMA-LITERATURE, and at night sheep climb over the fence to the tune of slumber music. Ladies and gentlemen—this is the golden age of music and art.

The old masterpieces have been made vivid by modern presentation and new masterpieces have been created. The moving Finger of Time has written a steady story of progress. From the fleshpots of Egypt to the Kate Smith quartet hour, man's ability to see and hear inwardly has expanded.

Ponder this TRUTH:

CIVILIZATION IS AN EVOLUTION. BEAUTY GROWS WITH APPRECIATION. MAN'S GRASP OF VERITY PROGRESSES THROUGH THE FILES OF TIME!

Byrd Gets Tobacco On Relief List

(Special to Times-Virginian)
Washington, D. C.,
April 4, 1933

Senator Barkley, of Kentucky, Senator Byrd, of Virginia, and Congressmen Burch, Darden, and Flannagan appeared before the Agricultural Committee of the Senate and secured the adoption of the following amendment in the Farm Relief Bill, the purpose of which is to take the Average price of tobacco for the years 1919-1928 instead of 1909-19 as first proposed in the bill.

Sec. 2. It is hereby declared to be the policy of Congress,

(1) To establish and maintain such balance between the production and consumption agricultural commodities as such marketing conditions therefore, as will reestablish prices to farmers at a level that will give agricultural commodities a purchasing power with respect to articles that farmers buy, equivalent to the purchasing power of agricultural commodities in the base period. The base period in the case of all agricultural commodities except tobacco shall be the pre-war period, August, 1909-July, 1914. In the case of tobacco, the base period shall be the post-war period, September, 1919-August, 1928.

The amendment was adopted.

Tobacco is the only product that will have a higher average price than in the period 1909-1914, and this amendment should be most helpful to tobacco growers.

CHURCH ANNOUNCEMENTS

MEMORIAL METHODIST CHURCH

G. D. Coffey, Minister

Sunday is "Go To Church Day". We want every member present for at least one service. We cordially invite all friends of the church to worship with us.

There will be no special offering, just good "old fashion" Methodist services.

Morning worship 11 A. M. Sermon by the pastor.

General theme of music and sermon, "The Triumphal Entry."

Evening worship 7:30 P. M. Sermon by the pastor.

Our revival meeting begins Sunday. There will be services each evening next week through Friday at 8 P. M.

LIBERTY BAPTIST CHURCH

(W. M. Thompson, Minister)

9:30 A. M. Sunday School. Classes for all.

11:00 A. M. Morning Worship.

7:00 P. M. B. Y. P. U's. Juniors, Intermediate and Senior. Stirring themes, Interesting discussions.

8:00 P. M. Evening Worship.

The pastor will preach at both services. Two soul-stirring messages. All are cordially invited.

STOP GETTING UP NIGHTS
Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning, and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep.

"Chas. F. James, Druggist, says BUKETS is a best seller."

Backache bother you?

A nagging backache, with bladder irregularities and a tired, nervous, depressed feeling may warn of some disordered kidney or bladder condition. Users everywhere rely on Doan's Pills. Praised for more than 50 years by grateful users the country over. Sold by all druggists.

THE RISING TIDE!

Deal And Smith Toss Hats Into Gov. Race

Joseph T. Deal, former congressman, of Norfolk, on Tuesday announced his candidacy for the Democratic nomination for the governorship of Virginia. Mr. Deal is the first candidate officially in the field, although Geooge C. Peery has announced that he will enter in a few days and state senator Worth Smith, of Louisa, is expected to enter the lists.

Mr. Deal announced his candidacy on a platform of prohibition repeal in Virginia, lowering of taxes and economy in government. He is an opponent of the Byrd reforms in state government and campaigned against them during past elections.

By Worth Smith Of Louisa

I wish to lay at rest any misgiving on the part of the Virginia Electorate as to whether or not I shall be a candidate for the Governorship of Virginia, subject to the Democratic Primary. I therefore definitely state that I shall be a candidate.

I submit herewith Section 1, of my Platform, which I shall discuss in my first campaign speech at Louisa.

FIRST—The insane, feebleminded, crippled children and the blind shall properly be taken care of, regardless of what Department of Government suffers thereby. I consider the proper care of such unfortunate people a direct charge upon the Government.

SECOND—I favor the repeal of the Eighteenth Amendment.

THIRD—I favor modification of the Layman Act, so as to permit the sale of non-intoxicating 3.2 beer. I will not tolerate saloons, and I shall advocate laws that will punish drunkenness in a severe manner, and I say this in the interest of temperance. I shall treat this subject at some length.

FOURTH—I am definitely opposed to an increase in the tax on gasoline, and I definitely favor a substantial reduction in license tags, and submit to the people that such course may be pursued by economic management of the State's affairs without impairment of the maintenance of highways, and I further submit that our Government should not be seeking a way to increase taxes, but on the other hand, a way to decrease them.

FIFTH—I favor a moratorium on certain debts, and am now prepared to submit a Constitutional Bill to the Legislature to accomplish this purpose.

SIXTH—I specifically propose to submit to the Legislature a plan whereby real estate may be relieved of the burden of the school tax, thus relieving real estate of approximately one-half of its present taxation.

SEVENTH—I propose to submit a plan which will prevent the frequent, unnecessary and expensive changes of text books used in our public schools.

EIGHTH—I conclude this section with the emphatic statement that the consumers of electricity in all of its forms are aware, and have been for a long time, that the rates charged by public service companies is unreasonable, unjust and a detriment to the advancement of business, and that such rate should be reduced regardless of what lawful means may have to be taken in order to accomplish this purpose.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.

The Letter Box

Dear Editor,

In your issue of March 30, you mention another "Old Time Music Contest". To this I wish to ask that some changes be made, or all of same instruments be put in one class. For instance, a group having a piano can produce twice the amount of volume than just the string instruments alone. To make a long story short, a piano is not classed as a string instrument, and I think it should be bared. And if this is to be a contest for Appomattox and Buckingham counties only, bar all others. Make all groups equal, and may the best team win.

A Musician.

Hear Court

Pupils of the Vera school were brought to the court house Tuesday to witness court procedure. The pupils were under the supervision of Walter Payne and witnessed the hearing of the case of commonwealth against Ben Eafland.

Adult Class Begun at Pamplin

Twelve young ladies met in the Home Economics Department of Pamplin school Tuesday, April 4, and began the study of various problems relating to the home. This class meets three times a week for a period of three weeks and is conducted by Miss Jane Abbitt, Home Economics teacher of Appomattox and Pamplin schools.

Much interest is being shown by the members of the class in the discussions and demonstrations being given on various phases of homemaking.

STOPS a Headache

There seems to be no safer way to end a headache—and there certainly is no safer way—than two tablets of Bayer Aspirin.

You've heard doctors say Bayer Aspirin is safe. If you've tried it, you know it's effective. You could take these tablets every day in the year without any ill effects. And every time you take them, you get the desired relief.

Stick to Bayer Aspirin. It's safe. It gets results. Quick relief from headaches, colds, or other sudden discomfort.

Use This Laxative made from plants

THEDFORD'S BLACK-DRAUGHT is made from plants that come up from seeds, and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act — just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic or chemical drugs to get the bowels to act daily.

Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25c pkgs. (dry).

P.S.— For Children, get the new, pleasant tasting SYRUP of Thedford's Black-Draught. 25c & 50c bottles.

Miss Lloyd Martin visited Miss Lorene Martin the past week-end.

Mr. A. M. Goodman, Mr and Mrs. W. B. Harvey, Mr. and Mrs. Branch Coleman and son, Floyd, were the guests of Mr. and Mrs. O. W. Martin Sunday.

Mr and Mrs. J. I. Moore were visitors in the home of Mr. and Mrs. R. J., were guests of Mr. and Mrs. E. B. Martin and Mr. and Mrs. O. W. Martin the past Sunday.

Mrs. Julia Thorp and daughter, Edith, of Lynchburg visited Mrs. Mollie Thorp the past week-end.

Motorists Paying Heaviest Taxes Ever Levied Upon Transportation

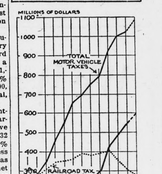
AMERICAN motorists, constituting roundly one-fourth the population, pay in addition to general taxes probably the heaviest special levies ever imposed upon any form of transportation!

The chart, compiled from authentic statistics, tells the story of the virtually unbroken upward trend of motor vehicle taxes to a new record total estimated at $2,655,000,000 in 1932. This is 6% above the 1931 total, $1,025,000,000, and 17% above the 1929 total, $923,000,000.

Railroad tax accruals, representing taxes upon the only comparable mode of transportation, have been declining since 1929, the 1932 total being $280,000,000, or 9.1% less than in 1931 and 30.5% less than in 1930. The decline here was due to lower gross revenue and net income, but motor vehicle taxes generally disregard either valuation or use and thus, while 8.2c of every railroad revenue dollar in 1932 went for taxes, the gasoline tax, one of 27 levies imposed upon motor vehicles, took 29c from every gasoline dollar.

The real weight of the automotive tax burden, averaging 4.8, is concealed by small payments. The gasoline tax, averaging slightly more than 5c per gallon, seems to the consumer merely an increase in the price of fuel. Yet the total gasoline tax in 1932 is estimated at $600,000,000, and in some instances this tax actually doubled the cost of gasoline to the consumer. The average vehicle operator pays $20 yearly in gasoline taxes—more or about two-thirds of the motor tax bill.

GAS TAXES SOAR!



Sources: "Railway Age," National Automobile Chamber of Commerce; U. S. Bureau of Public Roads; American Petroleum Institute.

Economists are studying the 1932 decline in gross gasoline tax collections by states, the first in history, as a typical trend. Although federal, county, and city gasoline taxes brought total collections to a new record, there have been definite declines in motor vehicle purchases, registrations, and use.

YOUR RAILROAD — AN IMPORTANT ADVERTISER

ADVERTISING is a vital force in the conduct of American business and commerce.

The Norfolk and Western Railway—your railroad — is a consistent and progressive advertiser, not only of its efficient transportation service, but an advertiser of the territory it serves. Consider these facts:

During a year the railroad issues more than a million pieces of advertising literature, most of which broadcasts the story of the territory's industrial possibilities, recreational facilities and climatic advantages throughout the United States and to the four corners of the earth.

In a year the railroad buys an average of 47,000 column inches of space in newspapers along its lines.

It publishes approximately 150 pages annually, in nationally circulated trade and business magazines. A large part of this space is used to advertise the products made, grown or mined in the railway's territory.

In addition, it answers hundreds of miscellaneous requests for information and sends out thousands of photographs, news stories, feature articles, histories, etc.—all descriptive of the railroad and the communities it serves—to newspapers, magazines, libraries, chambers of commerce, clubs, and individuals located in every section of the nation and in many foreign countries.

Thus your railroad is more than a necessary transportation agency, more than an employer of a great army of workers, more than a large customer of other industries and more than an important taxpayer. It is an advertiser of your community, your industries, and your resorts; it is an advertiser that is spending tens of thousands of dollars each year with your newspapers and printing establishments.

The Norfolk and Western has faith in the continued development and progress of the great territory it is privileged to serve. The railway is glad that it has a part in telling the story of that territory to the world.

When you think of your railroad, remember also its value as an advertiser.

NORFOLK AND WESTERN RAILWAY

AFTER 40
bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of piles and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with regularity after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" *is a doctor's prescription for the bowels.* Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot gripe; will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headachy, bilious, gassy condition warns of constipation.
